

Funding Update | August 21, 2009

Estimated Total Public Transportation Account (PTA) and State Transit Assistance Program (STA) Diversions Since 2007-08 Now Available

Association staff has developed two documents to help demonstrate the funding diversions from the PTA and the STA over the last three years. These documents show how much has been taken on the macro level as well as the impacts to each region.

Please click on the links below to view the documents, which attempt to detail, respectively, the aggregate statewide PTA allocations and diversions that have transpired since 2007-08, and an estimate of STA allocations and diversions for FY 07-08, 08-09, and 09-10 by region.
